The recommendation of the Board as to the expenses for each such year, together with all data supporting such recommendation, shall be submitted to the Secretary on or before August 1 of the crop year in connection with which such recommendation is made.

## § 981.81 Assessment.

(a) Requirement for payment. Each handler shall pay to the Board on demand by the Board, from time to time, such sum less any amounts credited pursuant to §981.41, based on such rate per pound of almonds, kernel weight basis, received by him for his own account (except as to receipts from other handlers on which assessments have been paid) as the Secretary finds is necessary to provide funds to meet the authorized board expenses and the operating reserve requirements, and establishes for the crop year. Upon redetermination of the kernel weight of almonds received by handlers for their own account as provided in §981.61, such redetermined kernel weight for each handler, adjusted for receipts on which assessments have been paid, shall be the basis upon which he shall pay assessments. At any time during or after a crop year, the Secretary may increase the rate of assessments to apply to all such almonds during such crop year to secure sufficient funds to cover the expenses authorized by §981.80 or by any later finding by the Secretary relative to the expenses of the Board, and such additional assessments shall be paid to the Board by each handler on demand. The payment of assessments for the maintenance and functioning of the Board may be required under this part throughout the period it is in effect irrespective of whether particular provisions thereof are suspended or become inoperative.

(b) Refunds. Any money collected as assessments for either the administrative (maintenance and functioning) or research activities of the Board and not used for the expenses of the applicable crop year, may be used in paying the Board's expenses of the first four months of the succeeding crop year. No later than the fifth month the amount not expended from assessments collected for administrative-research in the previous crop year shall be retained in the operating reserve fund. Any amounts, not credited pursuant to §981.41 for a crop year may be used by the Board for its marketing promotion expenses of the succeeding crop year, and any unexpended portion of those amounts at the end of that crop year shall be retained in the marketing promotion portion of the operating reserve fund. Any funds in each portion of the operating reserve fund in excess of the level authorized pursuant to paragraph (c) of this section shall be refunded to handlers or used to reduce the assessment rate of the subsequent crop year, as the Board may determine. Each handler's share of a refund shall be the amount by which his payment of assessments exceeds his pro rata share of the two major classifications of Board expenses. For the purpose of computing any refund from the marketing promotion portion, each handler's payment of assessments shall include any amount credited to the handler pursuant to §981.41. In lieu of a refund, each handler may have the amount due him credited to his assessment obligation of the crop year in which the amount would be refunded.

(c) Reserves. The Board may maintain an operating reserve fund consisting of an administrative-research portion and a marketing promotion portion. The amount in each portion shall not exceed approximately six-months' budget for the activity area or such lower amount as the Board may establish with the approval of the Secretary: Provided, That this limitation shall not restrict the temporary retention of excess funds for the purpose of stabilizing or reducing the assessment rate of a crop year. To the extent that funds
